

**TITLE: Acceptance of Chaminade University of Honolulu's Plan to Meet  
SATE Standards Two and Four as Required by NBI 09-28**

---

The Hawaii Teacher Standards Board accepts Chaminade University's plan to meet State Approval of Teacher Education Standards Two, Assessment System and Unit Evaluation, and Four, Diversity. The HTSB recognizes that more work needs to be completed for the assessment system to meet all requirements for Standard 2 and more work needs to be done in the areas of program proficiency identification and assessment in Standard 4. This meets the requirement set in NBI 09-28 for the approval of Chaminade's SATE unit and programs.
